Professional Summary

Detail-oriented Software Developer with 5+ years of experience in building scalable applications, optimizing backend systems, and deploying machine learning solutions. Strong background in Python, cloud technologies, and CI/CD practices. Adept at collaborating with cross-functional teams and delivering impactful solutions.

Technical Skills

- Programming: Python, JavaScript, SQL
- Frameworks: Django, Flask, React
- AI/ML: TensorFlow, PyTorch, Scikit-learn
- Cloud: AWS, GCP, Azure
- Tools: Docker, Git, Jenkins, Kubernetes

Professional Experience

Software Developer — ABC Technologies (Jan 2020 - Dec 2022)

- Developed REST APIs using Django and Flask.
- Improved server response times by 40% through code optimizations.
- Implemented automated testing pipelines using Jenkins.
- Collaborated with UI teams to integrate frontend and backend systems.

AI Engineer — InnovateAI Solutions (Jan 2023 - Present)

- Designed ML models for predictive analytics and classification tasks.
- Automated data preprocessing workflows, reducing manual workload by 60%.
- Deployed Dockerized models into Kubernetes clusters.
- Conducted model monitoring and implemented MLOps best practices.

Certifications

- AWS Certified Developer – Associate
- Google Professional Machine Learning Engineer
- TensorFlow Developer Certificate

Education

Bachelor of Technology in Computer Science
XYZ University (2016 - 2020)
